DISTRICT USE ONLY

Application Date: _____

Application # _____

Preliminary Determination
Date: _____

Hearing Date _____

Final Determination Date: _____

Approved _____

Disapproved _____

Application for Operating Permit

Note: This form must be filed with the District if the District has made a preliminary determination that the proposed well or well field does not meet the exclusions or exemptions provided in District Rule 5.5

Fee and Deposits: This form must be returned to the District with a non refundable filing fee of \$250.00 (check, cashiers check or money order) and a deposit of \$500.00 (check, cashiers check or money order). Any funds less expenses incurred by the District remaining on deposit at conclusion of the application processing shall be returned to the applicant.

INFORMATION

1. Applicant Name: _____
Address: _____
City _____ State: _____ Zip _____
Phone #: _____ Fax #: _____
Email Address: _____
2. Proposed well size:
Casing: _____
Pump Size (hp) _____
Maximum yield _____ gallons per/minute
3. **Nature and Purpose of Use of well(s):** _____ Irrigation _____ Public Supply _____ Industrial
_____ Commercial _____ Other(Specify) _____

Anticipated amount of water to be used in gallons per day: _____ Acre Ft per/year _____
Anticipated duration for water use: _____
4. Driller: : _____
Address: _____
City _____ State: _____ Zip _____ Phone #: _____
5. Anticipated Drilling, Alteration or Modification Date: _____
6. Location: _____ County approximately _____ miles N S (circle one) and
approximately _____ miles E W (circle one) of the town of _____
and in the NW1/4 NE1/4 SW1/4 SE1/4 (circle one) of Section _____, Block, _____
Survey _____ latitude _____ and longitude _____ (if
known)

Estimated Depth: _____ feet

If Subdivision: Tract/Lot #: _____ of the _____ Subdivision
(Attach complete driving directions to location from nearest town or major highway intersection)

7. Total number of acres owned by Applicant contiguous to the tract on which the well will be located:
_____ acres

Distance from well site to nearest property line of adjoining landowner: _____ feet
Distance from well site to nearest septic tank absorption field; out-door privy or other potential contamination source _____ feet.

8. Depth of water-bearing formation from which the Applicant proposes to drill, complete and produce the well: _____ft

9. Applicant will provide on **Attachment A** information showing the anticipated effect of the proposed production on the quantity and quality of water available for future use both inside and outside the District.

10. Applicant will identify **Attachment B** any other presently owned sources of water, the availability of which is both technically feasible and economically reasonable for the Applicant, that could be reasonably used for the stated purpose for which the Operating Permit is hereby requested, including the quality and quantity of such alternate sources.

11. Applicant will identify on **Attachment C** any other liquids, the availability of which is both technically feasible and economically reasonable for the Applicant, that could be reasonably used substituted for the fresh ground water for which the Operating Permit is hereby requested, and possible sources of such liquid, including quantity and quality.

12. Applicant will provide on **Attachment D** information showing water conservation measures Applicant has adopted, what water conservation goals Applicant has established, and what measures and time frames are necessary to achieve Applicant's established water conservation goals.

13. If the water is to be resold to others, Applicant will provide **Attachment E** a description of the Applicant's service area, Applicant's metering and leak detection and repair program for its water storage, delivery and distribution system, Applicant's drought emergency water management plan, and information on each customer's water demand, including population and customer data, water use data, water supply system data, wastewater data, water conservation measures and goal, and the means form implementation and enforcement.

14. Applicant will identify on **Attachment F** all wells producing from the same formation within one-half (1/2) mile of the proposed well and the owner(s) of said wells.

15. Applicant must include with this application a map or plat drawn on a scale that adequately details the proposed project showing:

- (i) The location of existing and/or proposed wells;
- (ii) The location of existing and/or proposed production monitoring devices for compliance with District Rules;
- (iii) The location of existing and/or proposed water use facilities; and
- (iv) The location of the proposed or increased use or uses.

I hereby certify that I am the Applicant for an Operating Permit for the above-described well, that I have read the foregoing statements, and that to the best of my knowledge and belief, all data therein contained are true and correct and complies with all District Rules. I further certify that, if approved and if this is to be a new well it will be drilled within ten (10) yards of the location specified in this application and that I or my agent will furnish to the District a copy of the completed well log immediately upon completion of the well and before the production of water from the well.
